Welcome to the Passport Expert UK. The fastest and easiest way for you to obtain a fast track UK Passport. All from the comfort of your home

After years of working at the Passport Office, specifically with the fast track department at managerial level, we saw customers turned away from appointments for minor errors, often after a long commute.

This is why we came up with a solution to help UK citizens obtain a fast-track passport efficiently and affordably with expert checks from the comfort of their home.
